

2016 4th ANNUAL CARP KABOB TOURNAMENT

May 20 & 21, 2016

The 4th Annual Carp Kabob bow fishing tournament rolled in with warm temperatures and clear skies for the 10 pm start. Weather was good for the Carp Kabob with a low overnight of 53, clear skies, and minimal wind through the 6 am weigh-in. Water temps were a little cooler than ideal for the tournament with some cool weather in the weeks leading up to the Carp Kabob.

The returning champs, Team 3 of **Nathan Boyer/Austin Linder/Josh Pexa**, came out strong again with 25 total fish to reclaim their Carp Kabob title and the \$1,000 first place prize. Team 3 also took home the bullhead side pot funded by the fishermen with 35 bullheads as well as the first big fish prize of \$250 with a 31 lb. 1 oz. carp.

Team 1 of **Craig Scheffler/Matt Zoubek/Justin Scheffler** weighed in 16 fish which would be good enough for 2nd place this year and the \$500 prize.

Team 2 of **Cory Kostuchowski/Chad Hughes/Paul Przekurat** made 3rd place with the 10 fish they brought to weigh in to take home the \$250 prize as well as a 30 lb. 8 oz. carp that would land them the 2nd big fish check.

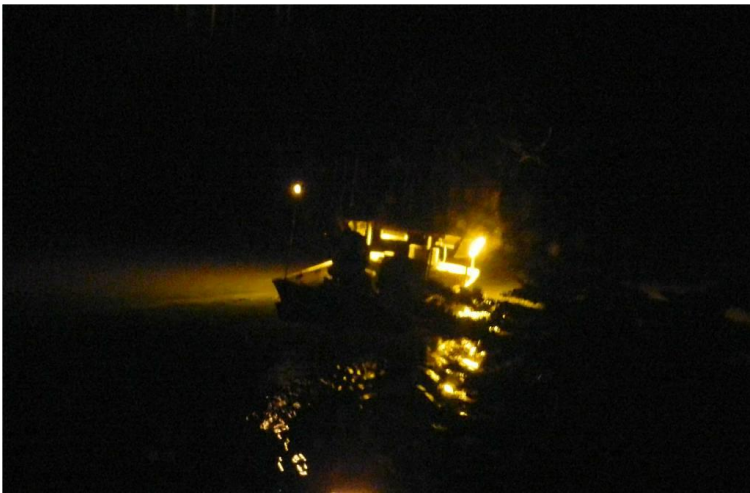

It took 7 fish to bring in fourth place for **Zach Stans/Charles Stans/Jeremy Scheffler** for \$150 . . .

And 6 fish to wrap up 5th place for **Marc Consoer/Adam Theis/Mike Weckman**.

In all 69 fish were harvested, with about 45 of those being carp and the rest suckers. About 40 bullheads were also taken through the evening but they didn't count towards any official prize money. There were 7 carp over 25 lbs. taken, with the biggest being 31 lb. 1 oz. Through our survey sent to participating teams, it looks as though there was less pre-fishing done from the teams compared to previous years; however with good results of removing an estimated 1,500 lbs of carp from the lake during pre-fishing alone.

Thanks to all of the fishermen, volunteers, and onlookers that attended the weigh in. We also thank the Scott WMO, MN DNR, Scott County Sheriff's Department and residents in the CLID for assisting in the planning and/or being supportive of this event as part of the lake management plan.

Sam Dresow
Carp Kabob Tournament Director
